Dear Mr. Howard and the Team at Oundle

APPRECIATION AND THANKSGIVING

We have heard of your love and care for the underprivileged. We see your outstretched arm to to Bhekanani (meaning (looking after one another)) we are teaching and helping (feeding) with your resources

We appreciate you so much with your response, many thanks, we take pleasure in feeding 82 children at school to cope with their studies. We see the weak becoming strong, smiles from misery, hope to the hopeless, skinny bodies becoming fresh and flexible. The appreciation of the community and the leaders is to you, shining in the lives of people, crossing over to make the difference, we are so grateful!

What more can we say, God sees and is pleased, when you don't turn your backs to the needy as it is recorded in Matthew 25:34-40. We promise to continue feeding, helping whichever way we can like praying, singing, dancing, teaching and more, also following them up to see what we started to continue in excellence. The exceeding joy of learners was when

Your young men were playing with them, some improved their English speaking, socializing even those who were a bit reluctant. I could really say we couldn't control them flooding to Bhekanam, amazingly not one was sent back hungry and we kept and still keep our measurements as we cook. Now everything is under control by keeping our register up to date.

Our coming events is Christmas carolers and to visit our elderly, abused, HIV/AIDS and the disabled. There will be thanks giving to the donors that's you, Mr. Steve and Mataba will be back I hope Mrs. Maynard who built us the two big rooms we cook and feed in and Jumbast who is nearly finished building a three bedroom house by which we will be able to accommodate the very desperate ones, and finally there will be a braai for the faithful committed committee members and volunteers.

May we wish you now all the best throughout the festive season, Count it all joy as you see the remarkable work you started end of August 2011. May you be blessed abundantly through your generosity that you may see much fruit of your hands this year and in the years to come. May your hearts be kept warm always even through your cold weather (I heard)

Hoping that next time we will see more of you.
Thank you very much.

Yours Faithfully
